

Lake Echo Fellowship Baptist Church

“Touching life with the Word of God.”

**ISSUE THREE
MARCH 2010**

Living It

All of us influence children in some way. Maybe as a mother, grandfather, aunt, nephew, neighbour, teacher, the list is endless.

Children learn a lot by just watching and observing the world around them. Many times they catch onto something after just seeing or hearing it once. Adults in general watch what they say and do around children, knowing that they are taking everything in.

Christians should take the same care and time to watch what they say and do around other Christians. Actions and words sometimes only have to be done or said once to become a stumbling block to someone else in their walk with Christ.

AWANA

Kevin Clarke, the Atlantic Canada AWANA Missionary, did a presentation on February 7th to a large group of adults and children. This was an introduction to the program for many of the adults. Several of the children that were there currently attend AWANA at Fall River and are excited about the possibility of having it in their own church.

LEFBC is planning to start the AWANA program in September 2010. Pastor Scott will be fulfilling the Commander and Pastor roles with Crissy Richardson filling the Secretary position.

If you would like to be involved in the AWANA program or have any questions please speak with Pastor Scott or Crissy. There are several positions that will need to be filled including Games Director, Sparks & T&T Directors, Sparks & T&T Leaders and, listeners for both groups. There will also be the opportunity to be involved as a prayer partner and by financially supporting materials for children whose families may not be able to.

We are also looking for children between Grade Primary and Six, if you have a child, grandchild or family friend that would like to attend in the fall please let us know. This will assist in the planning of staffing needs.

AWANA teaches children many Bible truths, encourages Scripture memorization, and use fast-paced games unique to AWANA.

February was Random Hospitality Month

There were match ups for the Hospitality Month random draw. This is a great opportunity to spend time with friends from church or even get to know some a little better. Stay tuned for the next Hospitality event.

Small Groups – Key to Growth

Small Groups remain the key to Building Community. The Word of God is the catalyst for good discussion and fellowship; however, Christianity is first of all a relationship (with God and fellow man). Small Groups are really about encouragement, enjoyment, and getting to know one another of the micro level. Don't underestimate the power of Small Groups for your spiritual growth. Several Small Groups have 7 or less people attending, so there's lots of room to expand attendance. Talk to pastor Frank about this and where you will best fit since we have Groups throughout the surrounding communities.
